

# SAVE SOPHIE FUND

Sophie is a beautiful Burmese mix who was rescued, along with her brother, from an abandoned house in Huntington Beach. Her elderly parents died within a few months of each other and the two cats were left all alone. The real estate agent selling the home left food for them for nine months. They were rescued from this situation by a Save Our Strays volunteer who has been fostering them while looking for a home for them.

Sophie has just been diagnosed with a brain tumor on the top of her head. She had been displaying odd behavior such as stumbling around and withdrawal from being touched or picked up. The volunteer has already spent \$2,000 for blood tests, x-rays and a brain MRI to confirm what the neurologist suspected. The good news is that the tumor is operable and her prognosis is good! This surgery will save her life!! The cost of the surgery is estimated to be \$4,900 which is more than the Volunteer can handle alone.

Times are tough for everyone, but if you can donate anything towards the cost, even \$5, \$10 or \$20 it would help save Sophie's life. Sophie is a sweet, loving kitty who deserves to live the rest of her life.

If you would like to donate towards her surgery, you can donate through PayPal on the Save Our Strays website at <http://www.SaveOurStraysHB.org/donations> (The DONATIONS page has been updated to make it VERY easy). Please indicate the funds are for the "Save Sophie" fund. Checks can be mailed to: Save Our Strays of Huntington Beach, P.O. Box 4083, Huntington Beach, CA 92605-4083. Please write "Save Sophie" on the check.

**Please circulate this flier as much as you can.**

**Any amount will help and be very much appreciated!!!!**

**Thank you for helping this sweet girl and giving her the gift of life!**
